Community Spotlight - Diana R. Johns

Diana R. Johns, a teacher of Advanced Placement Environmental Science (APES) at Crestwood High School in Dearborn Heights, Michigan USA, has been involved with GLOBE since 1995 and has influenced the path of many students over the years. Two of her students, 17 year-olds Ahmad Awada and Hussein Makki, recently earned

Texas Middle School Students Get Their Hands on Energy

Tyler, Texas, GLOBE students in the 6th grade have been involved in Project-Based Learning (PBL) to examine energy resources and the environment. Students learn about oil and gas energy. They perform interactive activities demonstrating seismic exploration, the distillation process of oil, and how to operate

THE GLOBE PROGRAM

Після того як ви зайшли на сайт натисніть кнопку Go to. У вас впаде список установ до яких ви належите. Серед них має бути і ваша освітня установа. Щоб перейти на сторінку вашої школи, натисніть на її назву у списку. Наприклад, в даному випадку це National Ecology and Nature Center

GLOBE Students in Bahrain
Learn the Importance of Land Cover Research

GLOBE students in Bahrain participate in the Climate and Land Cover Project, a research effort between GLOBE schools and NOAA climate scientists to compare land cover globally and to improve land cover classifications for climate models.
